## **Peki B-double Wins Best Overall Unit at Griffith Show**

Established in 1993, McLaughlin Freightlines transport chilled and frozen goods as well as grain from Melbourne to Sydney and Brisbane. They also provide an overnight daily service in the Riverina. Based on the Gold Coast with branches in Melbourne, Griffith, Sydney, Brisbane and Cairns, McLaughlin Freightlines is a family business, run by husband and wife team, Wayne and Diane McLaughlin.

Wayne McLaughlin, Director of McLaughlin Freightlines, solidly believes that if something is working well why replace it. With several Peki vans in their fleet, when it was time to purchase another B-double as business grew, Peki was the obvious choice.

"Peki vans have been a proven product with us. We chose Peki because we mostly have Peki units and we like the finish on their products," Wayne McLaughlin said.

No expense has been spared on this B-double. The van features an air flow floor, double loader system, aluminium wheels on BPW suspension and axle. The McLaughlin B-double also won the Best Overall Unit at the Griffith Show last year. Not only does the van look good, it performs well for McLaughlin Freightlines. "We're happy with the double racking system in the van and the tare weight is good. Presentation wise it looks good and is well finished," Wayne said.

**Ends...**
